## FOR THE LOVE OF SAVING ENERGY

OUR **POOL POPPER** CAN SAVE ENERGY BY REDUCING THE RUNNING TIME OF YOUR PUMP AND ELIMINATE YOUR POOL CLEANING DEVICE FROM POSSIBLY GETTING STUCK IN CORNERS.

### WELCOME TO **POOL POPPER**

#### SPARE A WATT, SAVE A LOT!

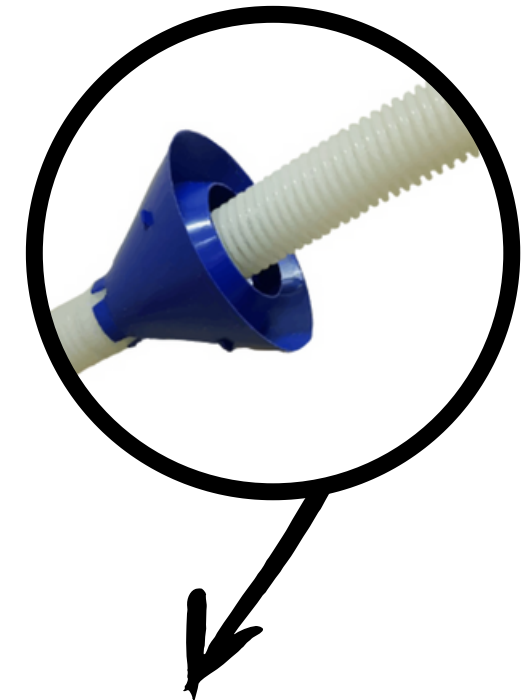

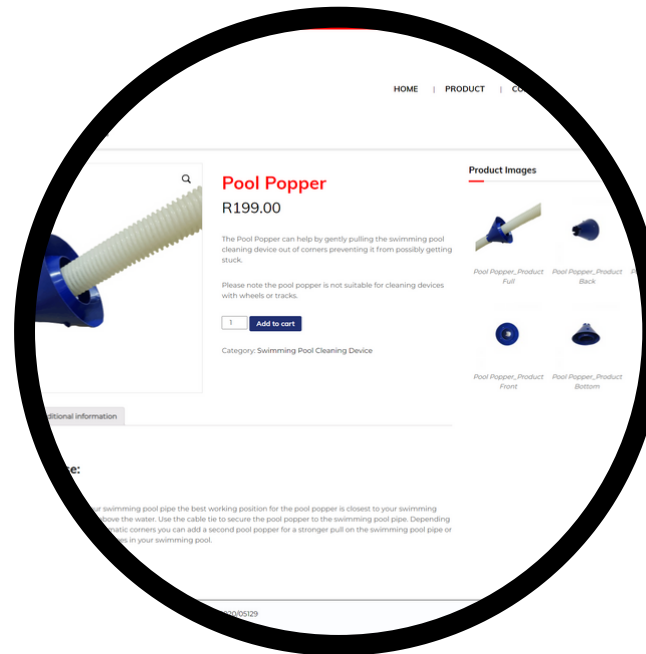

The Pool Popper can help by gently pulling the swimming pool cleaning device out of corners preventing it from possibly getting stuck. Please note the pool popper is not suitable for cleaning devices with wheels or tracks.

#### WHY CHOOSE US?

##### UNRIVALLED DESIGN, QUALITY & SERVICE IN EVERY ASPECT

At Designer Kitchens & In House Products we have established an exceptional reputation for creating desirable, functional and elegant designs that satisfy the varied lifestyle & budgetary needs of our clients. By combining high quality fittings and cutting edge craftsmanship with beautiful bespoke designs, our focus is on providing the highest quality of service at every stage, from your first visit to the showroom until the final finishing touches are applied.

At our factory premises, we manufacture our own carcasses that are CNC machined to ensure fittings work accurately. Our carcasses are put together with only the best system; that being the cam and dowel system. Our kitchens are installed by our own team of installers and not outsourced to ensure our clients are met with only the best, most qualified and reliable staff during their home renovation.
